

CELEBRATE CLASP 2022

Honoring Teddie Warner

On November 13 friends of CLASP celebrated 20 years of serving the elementary school students of our community on a beautiful fall afternoon. The 170 attendees included sponsors, donors, board members, CUSD officials, Claremont City Council Members, our U.S. congressional representative, **Judy Chu**, tutors and staff.

Teddie Warner, a founder of CLASP, was recognized and honored for her continuous, tireless, and dedicated service to the organization.

The event was held in the beautiful garden of **Dr. Len Jessup**, President of Claremont Graduate University, and his wife, **Kristi Staab**.

Gourmet delights and wine were served, and live musical entertainment was provided by **Michael Ryan and Friends**.
